Clif,

Obviously you've gathered from the news that we're back. It's probably no surprise that we returned to find a congressional inquiry asking for an update as to what we've been working on regarding the Rancho issue for the last three weeks. Obviously, above and beyond the usual answer (as I've discussed with you, we do not provide details of enforcement deliberations in response to congressional inquiries), the answer is "not much." I am hoping we can get back on track toward getting the matter behind us would like to reschedule the meeting we had for Oct. 1. Mary and I can be available as early as next week on Oct. 21, 22, or 24 (M, T, Th), or the following week, Oct. 28, 29 or 31 (M, T, Th). Please discuss these dates with your client and advise which, if any, may work for you.
